## DETAILED ACTION

### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with M. Robert Kestenbaum on May 11, 2005.

1. The application has been amended as follows:
  - Please cancel claim 19.

### ***Allowable Subject Matter***

2. Claims 1 – 5, 9 – 18 and 21 are allowed.

The following is an examiner's statement of reasons for allowance:

- The references of the Prior Art of record fail to teach, or suggest any obvious combination of the limitations discussed in the previous Office Action mailed on January 18, 2005, and further comprising the limitations of **(With respect to claims 1 and 21)** wherein the control device actuates the switching unit so that the exhaust gas predominantly flows through the first muffler in a low speed range, predominantly flows through the second muffler in a medium speed range, and flows through both mufflers in a parallel fashion in an upper

speed range; nor **(With respect to claim 21)** wherein the control device actuates the switching unit so that at least 80 % or at least 90 % of the exhaust gas flow through the first muffler in the lower speed range and at least 80% or at least 90% of the exhaust gas flow through the second muffler in the medium speed range.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
